

Universal WE

Multi-Directional Magnetic Wet Bench

Faster part processing

- Double your inspection speed by magnetizing parts in multi-directions in a single shot
- Fully inspect longer parts, up to 35.4 in / 90 cm, without requiring an auxiliary coil
- Speed up part processing with a large automated surface shower

Advanced process control

- Maximize consistency between tests with 1000 customer-programmable techniques
- Prevent accidental and unauthorized alterations with multiple user profiles and varying tiers of control for a range of operator experience levels
- Receive visual alerts when produced amperage is 90% or less than set amperage

Real-world dependability for minimal downtime

- Siemens PLC provides reliable controls and off-the-shelf replacements
- Rely on our industry leading warranty with best in-class service delivered by a global network of trained Magnaflux authorized service centers
- Minimize downtime with standard spare parts package

Product Properties

Magnetizing Current Capacity AC contact & AC coil	AC Contact	200 - 2,000 A
	AC Coil	1,500 - 15,000 A-turns
Maximum Clamping Length		35.4 in / 90 cm
Maximum Part Length		35.4 in / 90 cm
Available Voltages		480 V, 575 V

Large surface shower for hands-free bathing

Touchscreen interface with automatic sequencing options

User-friendly quick clamping with build in safety stroke

Larger flux coils for maximum multi-directional part testing capacity
