

Gooseneck UV Lamp Support

Gooseneck UV Lamp Support kit

30" (76cm) heavy-duty flexible gooseneck UV lamp support for REL, Magnaflux, Spectroline or Labino lamps. Kit includes:

- Wall/table top mounting base.
- 12" (30.5cm) rigid arm.
- 18" heavy-duty flexible gooseneck.
- Articulated head with UV lamp adapter.

IMPORTANT: Specify the lamp make and model to ensure receiving the proper lamp adapter.

Item QFGNKW shown

Wall/Table Top Mount Base

Steel angle base to permanently attach your gooseneck to a wall, side of a desk, top of a work station, etc.

Made of 6mm thick steel, 3" x 3" fastening surface, 2" gooseneck mounting flange.

Item W/TT Base shown

Table Clamp Base

For attaching gooseneck arm either vertically or horizontally.

Heavy-duty steel base, 6mm thick x 32mm wide, black powder coat finish. Attaches to desks, tables and other surfaces from 1/4" thick up to 1-5/8" thick. Includes a rubber pad to protect your clamping surface.
